

TAYSIDE 25M BENCHREST LEAGUE GUIDANCE

1. A full set of rules can be found in the 'Articles' section of the club website:
www.taysideairgunclub.co.uk/articles.
2. Get your cards from the organiser, Alan Walker before the start of each month you intend to take part. The fee is £1.50 to cover the cost of the cards. You will get 2 target cards signed and dated on the back by the organiser and 3 unsigned cards you can use for practice. Official target cards are in limited supply at the moment, so if you want more practice cards you can print your own from PDF's in the 'Articles' section of the club website: www.taysideairgunclub.co.uk/articles. Remember to print them 'full' or 'original' size, not 'fit to page'.
3. The shooting distance is 25 metres = 27.33 yards = 82 feet. There are black dots on the floor as markers.
4. Only cards signed and dated on the back by the organiser can be submitted for the competition. You must also put your name, date, whether you are shooting recoiling or non-recoiling and your signature on the back of the card before handing it in.
5. All PCP's are classed as non-recoiling and most springers are classed as recoiling. However there are a few springers which are classed as non-recoiling – speak to the organisers if you are not sure.
6. When the organisers score your card they will use an NSRA approved plug .22 inches in diameter, so whatever calibre you are shooting, the pellet hole will score as if it was .22, meaning that .177 and .20 shooters are not at a disadvantage.
7. Do not write any scores on your card, do not mark the front of your card in any way and do not do anything that might enlarge the pellet holes. Holes that appear to have been torn, plugged or tampered with will be disallowed and given a score of 0.
8. Completed cards should be put unfolded into the top draw of the grey filing cabinet next to the rest box. A purpose-made 'ballot box' style container is on its way.
9. Cards will be collected on the first of the next month and your score shown on the league table in the barn and on the club website.
